## *The Glacier Ridge Farms story*

*Nearly 10,000 years ago, the Ice Age prevailed over Wisconsin. The immense power of a receding glacier formed unique ridges, turning what is now southeastern Wisconsin into a panorama of natural beauty. Following the devastation of World War II, the Stauffer family relocated from Europe to this picturesque region and in 1953, started Stauffer Cheese.*

*Given the scenic landscape and the company's European heritage of small family farms, the Glacier Ridge Farms brand was born in 1998. For over two decades, this specialty cheese brand has been enjoyed throughout North America in many different markets including: transportation, school foodservice, gift packing, and retail. Glacier Ridge Farms products are still produced in small hand batches and represent Dairyfood USA's commitment to quality, innovation, and value.*
